Funeral For Local Attorney Thadd Whidden

Funeral services were held Sunday afternoon at the Elks Lodge room for Attorney Thadd Whidden, who died suddenly near Orlando on Friday afternoon while on a hunting trip. The Elks Lodge was in charge of the final services and the huge room was filled to overflowing by sorrowing friends who came to pay their last respects.

Attorney Whidden came to Pahokee in 1931 and opened a law office. For many years he was City Attorney for the City of Pahokee and enjoyed a splendid law practice in the western section of Palm Beach County. He was a member and former president of the Pahokee Rotary Club and a member of the Elks Lodge.

He is survived by his wife, Amy of Pahokee; a brother, Griffin Whidden of Immokalee, and a sister, Mrs. Clyde Sasser, Wauchula, Fla. Several nephews including Lawrence Whidden, who at one time was a resident of Pahokee.

Interment was at Port Mayaca Cemetery. Pallbearers were: Joe Alderman, Don Adams, Harold Wilkinson, Billy Rawls, Rupert Mock, Lewis Friend, Sam McKinstry, Jr. and W. M. Johnson. Wetherington Funeral Home was in charge of final arrangements for the popular Pahokee attorney.

Mr. Whidden and Louis Gold left Friday morning for a hunting lodge near Orlando and stopped between Pahokee and Okeechobee to cut a couple swamp cabbage to take along. Mr. Whidden was an artist with an axe and a few minutes after the cabbage cutting he complained of indigestion. They proceeded to Okeechobee where he took a couple alkali-selters and said he felt better. Upon arriving at the camp near Orlando an hour and a half later, he said he believed he'd take a nap, which he did. Louis Gold, just a few feet away, heard his gasp three times and the end had come.

Last fall the Pahokee High School received a second-place, excellent rating in the third phase of the contest, marching, making it necessary to win a first-place, superior rating in both the concert and sight-reading phases on Wednesday in order to be eligible for participation in the State Band Contests, Southern Division, at St. Petersburg, May 5-6-7. Tammy Branch, playing a flute solo, and Marilyn Shirley, a tenor saxophone solo, were each awarded a superior rating in the District 8 Contests for soloists of the Pahokee High School Band held in the Band House on the high school campus Tuesday. The first place, superior ratings make both soloists eligible to participate in the State Band Contests, Southern Division, at St. Petersburg, May 5-6-7.

Lodus Gray, clarinetist, and Omar Adams, trombonist, also took part in the District 8 Contests Tuesday, each receiving a second place, excellent rating.

Lake Lytal Is Seeking Re-election

Lake Lytal, member of the Board of County Commissioners for Palm Beach County, Commissioners for Palm Beach County, announced that he is seeking re-election to the Board.

"It has been my privilege to serve the people of Palm Beach County for many years in the capacity of county commissioner and during this time I have strived to serve diligently, honestly and well. When I first ran for this office I pledged to give my full time to this endeavor and to always base my decisions on what was best for the county as a whole, rather than a select few. This I have always done. My purpose has always been to see this county grow and prosper and become a fine place in which both old and young can live and feel secure. I feel that as a county commissioner I have had an opportunity to bring such purposes into reality.

"At one time tourism and agriculture were the main sources of income for this county, but during the past decade the tremendous population explosion has brought industry and institutions of higher learning into our county. These combined resources tend to bring a more stable economy for the county but with them come many problems and decisions to be made on the part of the county and city officials.

"As long as I am your County Commissioner, there will never be any problem of the county, no matter how big or how small, that I will not face squarely and unbiased, forever mindful that I am an elected official of the people, with their best interests and welfare at heart."

A miscellaneous calling shower was held Thursday, March 10, in the recreation hall of the Canal Point Baptist Church from 7:30 to 9:30, in honor of Mrs. Gloria Hall Mills.

The guests were greeted at the door by Mrs. Lawrence Stewart, Mrs. Eddie Mills, the honoree, Mrs. Perry Hall, the bride's mother and Mrs. Grady Mills, the groom's mother. The bride was presented with an orchid corsage and the other members of the receiving line wore sweetheart rose corsages.

Lions Will Pick Slate New Officers

Canal Point Lions will choose their new officers for the coming year from a slate of officers to be offered by the nominating committee at the next meeting, according to Harlan Sears, a member of the committee. Other members of the committee are James Gibson and Alton Jones, chairman.

Each year the Lions Club contracts with the Florida Power and Light Company to furnish street lights in the town of Canal Point. Many folks are unaware of how lights are paid for in this village. A collection is taken up by members of the Lions Club and they, in turn, have their treasurer turn

the money over to the power company.

This year the light fund committee is composed of Albert Fremd, Gauden Harrington, J. W. Repper, Floyd Erickson and D. L. Hooks, chairman.

If you enjoy the street lights in Canal Point and would like to have a part in paying for them, just contact any one of the above named Lions and make your fair contribution. It will be appreciated.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

*The Treasury explains why the new ones you buy and the ones
you own now are better than ever*

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $3\frac{3}{4}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $1\frac{1}{4}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000, and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy H Bonds automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you want automatically deducted every payday. The Bonds you buy by these methods are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for aid. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

17 Million Tourists For Year 1966

Charles W. Campbell, chairman of the Florida Development Commission, prophesied last week that Florida will play host to 17 million tourists during 1966.

Addressing members of the Rotary Club of Tampa, he also predicted that by 1970 tourists will increase to 22 million and by 1975, 30 million.

Campbell emphasized, however, this influx of tourists will be realized only if the state acquires adequate transportation facilities to get the tourists to Florida, main arterial highways, and sufficient hotel and motel accommodations, plus resort and attraction facilities.

Turning to industrial development, Campbell said that the Development Commission's year end survey would show that in 1965 Florida added 25,000 new jobs in industry.

ANDERSON QUALIFIES

He said water conservation, dual highways and other serious problems confronting our agricultural community should be a matter of paramount importance to the entire delegation.

APPRECIATION

To the very kind nurses and doctors who have labored diligently I shall always be grateful. **Kill this pellitory weed
in sugar cane.
Use Atrazine. Here's how:**

When you see pellitory weed starting to grow, apply Atrazine 80W herbicide, plus a little surfactant. You'll clean out infestations of this winter annual fast and effectively ... without hurting cane.

Atrazine is safe to sugar cane. It will not injure your crop when you apply it as directed on the label. And since it's non-volatile, there's no danger of drift to adjacent, sensitive crops.

Even though Atrazine has proved to control pellitory at any stage of growth, early treatment assures best results. With pellitory under control early, you grow more sugar cane per acre.

That's because Atrazine prevents

pellitory from interfering with sugar cane tillering. Also, Atrazine helps make soil moisture and nutrients available for your cane, and not for pellitory weed.

So plan now to grow the maximum tonnage of sugar cane from each acre you plant this season. Just use Atrazine to control pellitory weed this winter.

"This important judicial office is charged with the responsibility of arraignment, trial and sentencing of those persons charged and convicted of crimes against the

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
